2. Proofs consisting of the index sheet and electronic images on DVD will be ready for collection within three weeks unless otherwise arranged.
3. Postage or courier is not included with our quotation.
4. The decision of which photos will be printed, normally gets done by myself but the choice of the enlargements is given to the bride and the groom.
5. Your selection of photos for your package (as well as your enlargements) must be supplied within 3 months from wedding date otherwise you'll be charged for these items according to our Price List on page 3.
6. Photos normally get printed on a matt surface with a white border unless otherwise agreed upon.
7. The shooting of creative, unusual photos takes time. Therefore we request you to leave a minimum of about 1 hour for the taking of family photos and the photos of the bride and groom. (If you would like to save on this time, we suggest that some of the family photos get taken before the wedding.) Please ensure that the relevant family members are present for the taking of family photos.
8. Most time wastage occurs during the taking of family photos when the light is normally of critical importance and the process is not organized. Making a list of family groups to be photographed as well assistance from a friend or family member to identify these people to appear on the group photos will save valuable time.
